

Research Experiences for Undergraduates

2023 NHERI REU UT Mobile Shakers participants conducting research in Hawaii.

The NSF-funded Natural Hazards Engineering Research Infrastructure offers a Research Experiences for Undergraduates (REU) program. Apply for a paid research opportunity at one of 11 multi-hazard engineering or interdisciplinary sites during a 10-week summer research program. Study natural hazards through earthquake, wind, tsunami, coastal engineering, data management, cyberinfrastructure, post-disaster reconnaissance, simulation, or social science research at a NHERI facility.

- **WORK** with faculty and graduate students
- **WRITE** a professional, publishable research paper
- **NETWORK** with peers in research group meetings
- **LEARN** about grad school and career development
- **BUILD** relationships through mentoring
- **GAIN** hands-on research experience

REU Block 1: June 3 - Aug. 9, 2024

- Florida International University
- Lehigh University
- University of California, Berkeley
- University of Colorado Boulder
- University of Florida
- University of Texas, Austin
 - Mobile Shakers program
 - Cyberinfrastructure @ TACC

REU Block 2: June 17 - Aug. 23, 2024

- Oregon State University
- University of California, Davis
- University of California, San Diego
- University of Washington
