

READING COMMITTEE APPROVAL PROCESS

The Graduate School has implemented a new electronic process to approve dissertations. Reading Committee members will log-in to MyGrad Program using their UW NetIDs to approve dissertations. This change in process will help improve students' experience getting final approval of their dissertation by no longer requiring physical signatures and allowing members to approve from wherever they are in the world. Please feel free to contact Megan Barker (m3d@uw.edu) with any questions.

Here are instructions and screenshots of the process:

1. Log into <https://grad.uw.edu/for-faculty-and-staff/mygrad-faculty-view/>
This will require a UW NetID
2. Click on the student's name (see below).

All Committees

Below is your committee membership list. All doctoral committee roles appear on the list; master's committees and advisor roles appear only if the individual programs elected to enter the information into MyGrad. If you believe any information is inaccurate, please notify the students' graduate program or contact Graduate Enrollment Management Services at gemshelp@uw.edu.

The [roles and responsibilities](#) for each Doctoral Supervisory Committee member may be found on the Graduate School website.
