

## BIO ENGAGE CONNECTING UW BIOENGINEERING TO INDUSTRY

We connect the biotech and medical device industries with UW Bioengineering trainees and faculty to build **meaningful, mutually beneficial**, and **sustainable** relationships in the following impact areas:

- Educating students on the current industry landscape and technologies
- Hiring students for jobs or internships
- Contributing industry-sponsored design projects for students
- Collaborating with labs on research
- Engaging faculty or students in consulting

## Summary

Thank you to everyone who participated in our 2022 Fall Quarter events! BioEngage hosted seven events throughout the first quarter of the academic year. We are pleased to continue working with our BioEngage Partners — **Just-Evotec Biologics**, **NanoString technologies**, and **LifeNet Health** — as well as our numerous industry sponsors to help connect our UW Bioengineering Department with outstanding companies in the biotech and medtech industries. We are excited for several upcoming events in the Winter and Spring Quarters and look forward to seeing many of you there. Follow us on LinkedIn or Instagram to get updates on our event schedule and learn how to participate!
